ZERVOU 1

14121

N.IRAKLIO ATHENS

Greece

Fax : +302102712498

Mail : [info@foodallergenslab.com](mailto:info@foodallergenslab.com)

Website : <http://www.foodallergenslab.com>

## Technical Manager (or contact person)

George Siragakis

[siragakis@foodallergenslab.com](mailto:siragakis@foodallergenslab.com)

## Affiliation(s)

Association / NGO-NPO and Private dairy / Industry

## Type of Milk

Cow milk, Goat milk, Ewe milk, and Buffalo milk

## Fields of competence related to analyzing milk

Evaluation of analytical methods/instruments and Research and development in analytical methods

## Categories of analytical methods practised

Spectroscopic and routine methods, Chromatography, Physico-chemical methods, Biochemical methods (enzym., immuno., mol. biol.), Microbiological methods, and Sensory Analysis

## Milk and milk Products Tested

Liquid milk and whey (including raw milk, skim milk, homogenized, heat-treated, etc.), Butter, Cheese and Processed Cheese and Processed Cheese Preparations, Dairy Fat Spreads, Evaporated Milks and Sweetened Condensed Milks, Cream and Prepared Creams, Milk Powders, Cream Powder and Whey Powders, Edible Casein Products, Fermented Milks, and Ice creams

## Purpose of the Analytical Activity in the Laboratory

Milk recording / Dairy Herd Improvement / Dairy genetic, Production monitoring and commercial exchanges in dairy industry, Food safety and nutrition (protection of consumers), and Research and development in dairy industry
